

Bike Rack Stainless Steel Surface Mounted Hoop 304 Grade

Bike Rack Adelaide BIK - X1

Description

Bike Rack Surface Mounted Hoop Stainless Steel Grade 304 made of stainless steel ensures your bike rack always looks polished and professional. The hoop design is the solution for small spaces and can be installed around gyms, retail areas, office precincts and all other venues to cater to a growing group who cycle and require bike parking facilities.

Stainless steel finishing means this steel bicycle rack is made to last. The welded base plates and overall solid construction ensures it will last outdoors and resist rust and corrosion.

Features

- Manufactured from heavy-duty steel pipe.
- Silver brushed grade 304 stainless steel.
- Suitable for public and private areas.
- Designed in Australia for Australian Conditions.
